

EDUCATION

B. Tech in Computer Science

Jul '19 - Aug '23

Dehradun Institute of Technology

Dehradun, UK

CGPA: 7.57

Class 12 Boards

Apr '17 - May '18

Nobel Convent School

Gwalior, MP

70% in MPBSE

TECHNICAL SKILLS

Java SpringBoot J2EE Spring Data JPA Hibernate JDBC Spring Security RESTful APIs C++ C# Microservices
React Angular TypeScript NodeJS System Design Data Structures & Algorithm SQL NoSQL Database Linux

EXPERIENCE

Software Developer

Jul '23 - Present

Fiserv India Pvt. Ltd

Noida, UP

- Designed and implemented scalable **Java-based** applications using **Spring Boot** and **Hibernate**
- Led the development of a critical module that supported **1000+** users daily
- Developed & Maintained a **ReactJS** Based **Frontend** application utilizing modern **JavaScript frameworks** & **State Management libraries**, significantly enhancing overall **User Experience**
- Built a **Web-based UI** to streamline workflows, resulting in a **30%** increase in efficiency
- Superheaded the migration of legacy **monolithic** application to a **microservices** architecture enhancing system **scalability** and **maintainability**.

PROJECTS

CIAM MFA APIs

Fiserv India Pvt. Ltd

APIs to enhance multifactor authentication for client applications

- Reduced security breaches by **10%** through **Ping One** MFA integration for client applications via **RESTful APIs**.
- Improved security for **50+** applications by integrating **CIAM MFA APIs** leveraging **Ping One** for MFA and **Ping Federate** for token access.
- Superheaded the Development of scalable applications utilizing **JAVA**, **Spring Boot**, and **Microservices architecture**, integrating **Ping One** for enhanced security.

Self Service Portal

Fiserv India Pvt. Ltd

A Self Service Portal focused on **IAM solutions** for internal and client needs. It has capability to manage **SSL** and **Signing Certificates**.

- Created a portal to optimize and manage **Identity and Access Management (IAM) solutions**. Led portal management of Client and Internal Certificates
- Leveraged **ReactJS** to develop **dynamic user interfaces**, enhancing user experience and engagement.
- Designed and developed robust, scalable web applications utilizing **JAVA** and the **Spring Boot framework**, ensuring high performance and reliability.

CERTIFICATION

- Passed **Microsoft Azure AZ-900** Certification - [Credentials](#)

ACHIEVMENTS

- Solved **190+** Questions on **LeetCode**.
- 2-Star** on **CodeChef**.
